News Briefs

Tonight is the Farm Bureau banquet

The Western Palm Beach County Farm Bureau Annual Dinner and meeting is tonight at the Belle Glade Elks Lodge. The prime rib dinner includes entertainment, awards and the presentation of the annual Everglades Agricultural Area Farm Family of the Year award. The social hour begins at 6 p.m. and the dinner will be served at 7 p.m. Tickets are \$15 per person and are available by calling the Farm Bureau office by calling 996-0343.

Workshop offered

A free sales tax workshop is offered for new businesses. The workshop will be Oct. 24 at 9 a.m. at Palm Beach Community College, Glades Campus. Teaching the workshop will be John Merchant, taxpayer assistance specialist for the West Palm Beach Service Center. For more information, contact the Department of Revenue at 407-640-2800.

Car wash

The Glades branch of the American Heart Association is sponsoring a car wash Saturday, Sept. 16 from 9 a.m. to 1 p.m. The event will be held at Barnett Bank on South Main Street, Belle Glade. All proceeds will benefit the American Heart Association.

Girl Scout Roundup

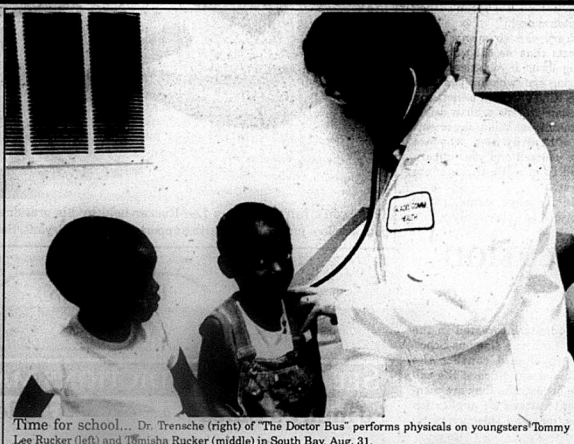

Girl Scouts in the Glades area are getting ready to kick off another year. Parents who want their daughter to participate in a Girl Scout troop this year should attend the First Annual Girl Scout Roundup on Monday, Sept. 18, at the First Baptist Church in Belle Glade at 7 p.m. The meeting will be held in the cafeteria. Some of the local leaders will be on hand to give more information on what girls do at the Girl Scout meetings and girls will be placed in troops on a first come, first serve basis. For additional information, call the Palm Glades Girl Scout Council, 1-800-432-1453.

Youth Revival

The First Baptist Church Youth Revival will be held Sept. 9 through Sept. 11 at the church located on North Main Street, Belle Glade. Neil McClendon, youth evangelist from Texas and Ray and Karen Schnur, musicians, from Florida, will be part of the services. On Saturday, the revival will begin at 7:30 p.m. and Sunday at 11 a.m. and 7 p.m. Monday evening's service begins at 7:30 p.m. The public is invited to attend the services.

West County Mental Health Golf Tournament

The West County Mental Health Clinic is hosting its 8th Annual Golf Tournament to benefit Children's Mental Health Services. The event will be at the Belle Glade Municipal Golf Course on Saturday, Sept. 23. To participate, \$r to be a sponsor, call the West County Mental Health Clinic at 992-1330.

Time for school... Dr. Trensche (right) of "The Doctor Bus" performs physicals on youngsters Tommy Lee Rucker (left) and Timisha Rucker (middle) in South Bay, Aug. 31.

Building reading skills; focus of PHS

By Buffle Chapman
Staff Writer

Read all about it! Pahokee Middle/Senior High School has established a program to build student's reading skills. The program consists of students (and teachers) reading for the first 15 minutes of each class, regardless of the class.

The program was initiated by faculty suggestions on what they felt needed improvement for their students. Faculty took the summer to decide and consensus was that reading is a main concern. The administration and staff agreed to reading everyday for the first 15 minutes of class, regardless of what class they are in.

"The program has just been initiated this year and so far the students and teachers are responding pretty well. At first, it was a little tough to get the students settled and started to read, but now they seem to enjoy it. Some teachers were skeptical at first, but now they also seem to enjoy the extra time to read things of interest," said 10th grade English teacher Mike Shreffler.

"The students (and teachers) are allowed to read whatever they want, which makes them a little more inclined to want to read. After the reading session, the classes discuss what they have read," said Mr. Shreffler.

"I feel this is a very good program. There has been a positive

improvement as far as students coming into class having something ready to read. Some students even begin reading on their own. Although it is too early to see if there are any actual reading skill improvements, because of the program, the students and teachers are definitely reading more," concluded Mr. Shreffler.

Students in Mr. Shreffler's class had mixed feelings about the program saying, "I feel that this isn't going to help the people who can't read, to learn to read because they aren't being taught to read. We feel they should give more time for reading at the beginning of each class."

The Battle of Gettysburg is depicted in this painting by Paul Schrope of Belle Glade. Husband and wife Paul and Katherine Schrope both have their paintings on display this month at the Belle Glade Chamber of Commerce. Local residents are encouraged to stop by the chamber and see the couple's artwork.

Standing room only...Over 20 inches of rain has fallen in the Glades over the past month and many areas are saturated with water. This dumpster site near the new Belle Glade Elementary School is just one area where there is standing water.

"The Doctor Bus" may visit your neighborhood

By Buffle Chapman
Staff Writer

Unfortunately, doctors do not make house calls anymore but "The Doctor Bus" is the next best thing. The Glades area Med-Mobile is a doctor's office on wheels that will come to your neighborhood.

On Aug. 31, residents could locate "The Doctor Bus" or "Med-Mobile" at the Headstart and Community Action Program building in South Bay.

"The Doctor Bus" is staffed by one physician, a senior community health nurse or licensed practical nurse, a senior clerk, a health support specialist, and a senior motor vehicle operator. This is just who they had on the bus last Thursday to give their expertise to South Bay residents.

Dr. Trensche, who graduated from Nova Southeastern University, has been practicing medicine for about 5 years. "Right now we are doing a lot of school physicals," said Dr. Trensche. "The Doctor Bus" is a good community outreach program. It makes health care more available. The program is especially helpful to working parents because we go to daycare also. In case parents have to work and can't make it to appointments, we will go to the children," Dr. Trensche added.

Monica Best, senior community health nurse, has been working for the health department as a nurse for 21 years. She has been working with "The Doctor Bus" approximately two years. "This is a good community project if the people will just utilize it," said Mrs. Best.

Senior clerk on the bus was Audrey Williams. She was filling in for another worker for the day. Health Support Specialist Vivian Bryant has been with the bus for approximately two years. Ms. Bryant is also a medical assistant, graduated from Bauder College in Miami. Senior motor vehicle operator Micheal Watts has been with the program since February.

"We have a good program and everyone works well together," said Administrative Assistant Frances Owens. Mrs. Owens has been with the health department for 18 years.

The purpose of Glades Med-Mobile is to provide health care, health education and other outreach activities to residents within their communities.

Present locations of "The Doctor Bus" are: Belle Glade, Pahokee, South Bay and Canal Point.

One killed, three injured in head-on collision

One Belle Glade man was killed and three other people were injured when a van and a Jeep collided last Friday night on State Road 16, Belle Glade. According to the Florida Highway Patrol, Howard Anthony James, 39, a passenger in the Jeep, was killed in the head-on collision.

The driver of the van, Leslie B. Face, Jr., 31, and a passenger,

Carey Jenkins, both of Belle Glade, were injured in the crash and taken to St. Mary's Hospital.

The driver of the Jeep, George A. Coleman, 41, of Belle Glade was also taken to St. Mary's, and he is in critical condition.

The FHP says the accident was alcohol-related and is being investigated.

Four men arrested in shooting of a Belle Glade man

By Brenda Bunting
Editor

Four men were arrested by the Belle Glade Police Department in the shooting and robbery of another Belle Glade man last Friday night.

Police say an anonymous caller reported a shooting in the 700 block of Southwest Avenue E Place, about 10 p.m., Sept. 1.

Upon arrival, officers found Elfis Leger, 33, bleeding heavily from a gunshot wound to the upper thigh/groin area. He was taken by Trauma Hawk to St.

Mary's Hospital where he underwent surgery and is listed in critical condition.

After an extensive investigation by members of the Belle Glade Police Department's Detective Division, Michael Slaughter, 19, Ryan Willis, 19, Derraine Odums, 20, and a 17-year-old juvenile were arrested for the shooting and robbery of Mr. Leger.

All four of the suspects were charged with first degree attempted murder, armed robbery, and grand theft. All are being held without bond.

Mosquito infestation is "horrendous" says local administrator of facilities

By Brenda Bunting
Editor

Mickey McGahee, administrator of facilities for the City of Belle Glade, says recent rains have added to the mosquito problem locally, but his department is trying to stay on top of the problem.

"With the amount of rain we've been getting, the mosquitoes are horrendous," said Mr. McGahee.

The city has been doing aerial spraying twice a week, which is the maximum allowed

by EPA, and the county's spray truck has been hitting the "hot spots" in the Glades also, said Mr. McGahee.

The city uses Dibrom 14 to kill the pesky critters, says Mr. McGahee, which is the only spray they city can use.

"Surprisingly, I've had very few complaints about the mosquitoes," he said. "If your area is bad, give us a call."

"This gives us the documentation to justify the spraying," he added. The phone number is 996-0100.

[illegible]

It's time for the Bridges-Teen Conference

The first planning meeting for the second annual Building Bridges - Fall Conference is scheduled for Wednesday, Sept. 13, at 5:30 p.m. The meeting will be at Building Blocks, 632 Covenant Drive, Belle Glade.

Bridges is a volunteer, non-profit organization of local professional women dedicated to helping today's teen women realize her full potential.

For further information, contact Barbara Swaby, Matilda Edwards or Melva Lockett at the Glades Community Development Corporation, 992-9500.

Museum looking for photos

The Belle Glade Museum Board/Lawrence E. Will Museum is developing a photographic exhibit depicting Glades area residents and their participation in World War II. The exhibit is planned for public viewing by Veteran's Day.

The board is soliciting photographs of those who served in the Army, Navy, Marines, Air

Forces, Merchant Marines, Coast Guard, ferry pilots, WACS, Nurse Corps, Civil Defense (air spotters), and Red Cross, in foreign theaters of operations and in the United States during the years 1941 through August, 1946.

Other "flat work," such as maps and charts, may be usable also.

Anyone willing to loan and or donate such photographs and similar artifacts may leave them with the library staff at the Belle Glade Municipal Library or contact Dr. Joseph R. Orsenigo at 996-7099.

Golf Tournament is coming up

The West County mental Health Clinic is hosting its 8th Annual Golf Tournament to benefit Children's Mental Health Services. The event will be at the Belle Glade Municipal Golf Course on Saturday, Sept. 23.

The proceeds from these tournaments are used to benefit the children in the Glades. To participate, or to be a sponsor, call the West County Mental Health Clinic at 992-1330.

Training in preparation for the Core Exam

A training session in preparation for the Core Exam is being offered from 9 to 10 a.m. on Sept. 6 in the main conference room at the Everglades Research and Education Center, Belle Glade.

The session will include information on applying pesticides

safely and the mathematics that will appear on the exam.

The training will give participants two CEUs toward the renewal of the RUP applicators license. The Core Exam will then be administered from 11 a.m. to 1 p.m.

Call Thomas J. Schueneman, extension agent III, at 996-1655 for more information.

Fall dance planned

The "100 Black Men" of Palm Beach County, Inc. are hosting a fall dance on Saturday, Sept. 16, at the Helen Wilkes Hotel, 201 N. Flagler Drive, West Palm Beach.

The event will feature Terry Crook, a talk show host, and the Chain Reaction Band and Modeling by Social Success.

The dance and show begins at 8 p.m. and attire is semi formal. For more information call 407-683-3774.

Pest control workshop

There will be a sugarcane insect management update on Tuesday, Sept. 26, from 9 a.m. to noon at the Everglades Research and Education Center in the Main Conference Room.

Growers are invited to attend the workshop, taught by Ron Cherry, Omelio Sosa, Mike Thomas and Tom Schueneman.

Three CEUs will be requested towards the renewal of participants RUP license in the Private, Ag Plants, or Aerial categories.

For more information, call 996-1655.

Pahokee Police Department's arrest blotter

The Pahokee Police Department listed the following arrests Aug. 27 through Sept. 2:

Aug. 27 - Marcellous Sullivan, 23, Pahokee, domestic battery.

Aug. 28 - No arrests made.

Sept. 3 - Linda Kellman, 33, domestic battery; **Ellis Gibbons**, 41, contempt of court; **Monique Guirre**, 33, aggravated battery.

Editors note: The POLICE NEWS in this newspaper lists arrests, not convictions, unless otherwise stated.

Arrested persons who later are found not guilty or have had the charges against them dropped are welcome to let us know.

We will confirm the information and print it.

Extentions Agent Thomas Schueneman receives Achievement Award

Thomas Schueneman, extension agent of Palm Beach County, received the Achievement Award from the National Association of County Agricultural Agents.

This award is given to extension agents with less than 10 years experience, who have distinguished extension programs.

The award was presented at the annual meeting during the awards ceremony on Aug. 23, in Bloomington, Mn.

In extending the honor, it was noted that Mr. Schueneman was instrumental in bringing Palm Beach County's \$1.2 billion agriculture industry into compliance with the EPA's Worker Protection Standards.

His pesticide safety programs have provided licensing and renewal training for 12 percent of Florida's restricted use pesticide applicators.

His best management practice programs aided the 500,000 acre Everglades Agricultural Area in complying

with the state mandated water quality guidelines.

He has also taught 25 water

quality/quantity classes yearly for 4-H's "Agriculture in the Classroom."

Mandy Perez named head coach for All Star Game

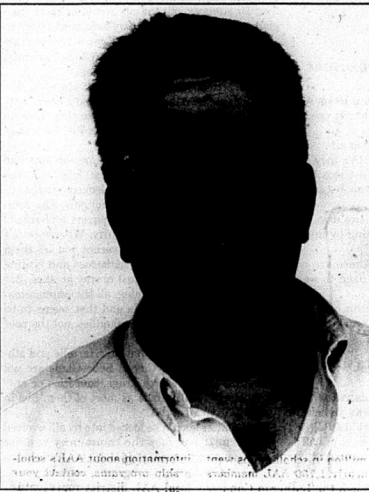

Glades Day School's Head Football Coach, Mandy Perez, has been named head coach for the annual All Star Games.

The games will be played sometime in December and consists of 32 schools, 16 on each side, competing for prizes.

The final game will consist of the best players of all the teams and includes in the western team players from Palm Beach, Hendry, Okeechobee, Martin and St. Lucie counties. These teams will play teams from the east coast.

Mr. Perez said he is honored to be named the head coach for such a prestigious event and said he was selected by members of the National Hall of Fame in the five county area. The annual games are sponsored by the Outback Restaurant.

Mr. Perez said he looks forward to the event unless his local team, the Glades Day School Gators, are in the playoffs for the championship title. In that case, another coach will take his place in the All Star Games.

Doctor Bus

The services provided by "The Doctor Bus" include immunizations, physical examinations, family planning, pregnancy testing and prenatal care, adult screenings, HIV testing and counseling, STD testing, WIC benefits, sickle cell testing, tuberculosis testing, screening for lead poisoning and iron deficiency anemia, eligibility for health care (through the health care district) and other health education activities.

The Med-Mobile accepts the following form of payment: Personal Health Plan (HMO) - PHP; Health Care District, Medicare, Medicaid. They are NOT legally permitted to accept clients of any other HMO.

The Sugarland Express - The Doctor's Bus" is a collaborative effort of the Glades Community Development Corporation, Palm Beach County Health Care District, Palm

Beach County Board of Commissioners, P.A.T.C.H. and

H&R BLOCK

SENIOR CITIZENS EXPLORE SECOND CAREER THROUGH H&R BLOCK INCOME TAX COURSE

Thousands of senior citizens take the first step toward a second career by enrolling in the H&R Block Income Tax Course. H&R Block, the world's largest income tax preparation firms, offers its Income Tax Course starting the week of September 11. The class material is presented in a user-friendly style.

The course provides excellent training for people who want to continue working after they retire or who are retired and want to go back to work. An experienced Block instructor guides students through various aspects of income tax preparation. Classroom includes discussion, practice problems, and hands-on preparation of individual income tax returns.

One course fee includes all textbooks and supplies. Graduates receive Certificates of Achievement and continuing education units (CEUs). Qualified graduates of the course may be offered job interviews with H&R Block but are under no obligation to accept employment. If hired, graduates of the course can profit from a practical skill they can put to use at convenient locations. Work may be scheduled during the hours and days that best fit their situation. Those interested in more information about the H&R Block Income Tax Course may call

OPINION PAGE

Feel strongly about local issues?

INVITES YOU TO
SPEAK OUT!
996-6636

To voice your opinion on any subject, call **Speak Out** at 996-6636, 24 hours a day. Readers can use this special number to pose questions, voice complaints, express opinions or put somebody on the back. Unlike letters to the editor, **Speak Out** is designed for anonymous expression of opinions. We edit calls for clarity, brevity, relevance and fairness.

Food for thought

"When I bought a bag of ice the other day I noticed the label loudly proclaimed 'Ice is Food'." This is perhaps a silly question, but may I use food stamps to buy it? And, just what nutritional value can I expect?

Anyone who can Speak Out with the answers, please respond.
Thank you."

Did GGH let go of most important workers?

"I was in (a patient) Glades General Hospital a few days ago. That hospital is not like it used to be.

The service I received was not good at all. What happened to all the good CNA's they had working there? They need to call them back because the patients are the ones who are suffering.

I didn't have my bed changed in two days and the reply that I got was 'I'm working by myself and I can't do everything'."

Some of those people working there are not pleasant like the old CNA's who used to work there.

I know the hospital was trying to cut back, but you laid off the most important workers, the CNA's.

Thank you,
A very concerned citizen and patient."

Glades General Hospital Administrator Neil Whippley responds: The caller has struck an emotional chord. Staff reductions are painful and never taken lightly and each individual lay off is difficult both for the affected employee and the hospital. I wish to offer my thanks and compliments to both the staff here at the hospital, as well as those employees who were laid off. In difficult times all parties handled the situation in a most professional, mature, rational, and adult manner.

With regard to the statement that we "laid off the most important workers," I take exception. They, those laid off, and those still remaining are ALL important workers. On a scale of importance I do not place one individual over another. The "Pink Ladies", our auxiliary, as well as our physicians, board members, even our suppliers are ALL important. If there is a MOST IMPORTANT, the selection is obvious, it is THE PATIENT! Each is a part of the whole that makes us what we are. The fact is that we are not as we were several years ago; we are better. Our commitment to the residents of this community remains steadfast.

Caller angry that city didn't hire PIC workers this summer

"This article is directed to all the unaware, uncaring, and totally misled citizens of Belle Glade. As a voting citizen of Belle Glade, I feel that the people of our town need to wake up and get

their acts together.

During this past summer (summer '95) Belle Glade City Manager Lomax Harrelle denied PIC (the Private Industry Council) to place or hire any of the summer youth children ages 14-18 for the six week's job program.

I personally feel that if poor white children qualified for summer jobs the city would be more than glad to make all the necessary accommodations to take them on and therefore get a responsible employee within the City of Belle Glade Personnel Department to totally supervise them.

Mr. Harrelle said he didn't want students this year because he didn't want the headaches of worrying with them this summer, so therefore he decided not to sign a contract with PIC for youths.

The city should not allow one person to make such a major decision as this one. I feel that the city commissioners should have looked into the situation and investigated it thoroughly. The commissioners are voted in by taxpayers and should be representing the community. Whenever it's time for the seats to become vacant you see them out shaking hands, having barbecues and visiting local churches. All of this just to stay in office. But I'll sure tell you all one thing, all the commissioners have their own agenda and that seems to be what affects them and their families, not the poor children in the community.

It is to be well noted that Mr. Harrelle and others employed for the City of Belle Glade are not concerned about poverty, drugs, education or any thing else in Belle Glade as most of them live in isolation from all of this.

This matter should be looked into by all involved so that next summer the community can see youths cutting grass, painting, answering the phones at the city hall and doing other little jobs in order to make money for the six weeks. Youths hired are paid by PIC and therefore cost the city nothing other than to have someone supervise them.

I must thank the City of Pahokee because they did hire a number of students from Belle Glade to work during the summer (thanks Ron Osborne). It's good someone allowed some of them to work because their own city didn't.

Maybe if the parents stop voting, our voices will be heard. Because right now the city blacks are asleep and I don't see them waking up any time soon.

Time is passing them by because they don't know what decisions are being made behind closed doors by white people.

Commissioners Bythwood and Miller, wake up. Who are you representing? We hear nothing about about anything you all are doing to help your community.

Belle Glade Sun, please print this article as an eye opener. Respond in the paper. Contact local officials from PIC office in Belle Glade and officials from the City of Belle Glade.

Speak Out continues on Page 5

"EVERYONE HAS A PURPOSE IN LIFE ... I THINK HIS IS TO SERVE AS A HORRIBLE EXAMPLE."

September is National Rice Month

Governor Lawton Chiles has issued a State of Florida Proclamation, designating September "National Rice Month" to salute the Florida rice industry for its contributions to U.S. agriculture. "National Rice Month" began in September of 1991 after a joint declaration by both houses of Congress and the President. Dr. David Jones, rice agronomist with the University of Florida's Everglades Research and Education Center in Belle Glade, furnished the data on rice for us.

It's time to celebrate. Celebrate National Rice Month that is. As September rolls around it is time to salute the U.S. rice industry for their contribution to U.S. agriculture.

National Rice Month began September, 1991. The goal of

National Rice Month is to increase awareness of rice and its attributes, and to stress the importance of the rice industry on the U.S. and local economies.

Since National Rice Month's beginning, per capita rice consumption in the U.S. has risen three pounds, and it is projected the USA Rice Council's goal of 25 by '95 - 25 pounds per capita by 1995, will be reached by the year's end. More and more consumers are recognizing the importance of rice. Rice is important to the United States for many reasons:

- U.S. rice farmers are expected to harvest 17.7 billion pounds of rice on 3.1 million acres in 1995, (U.S.D.A.).
- Over 90 percent of the rice consumed in the United States is grown domestically.

• Rice is the fifth most valuable food crop in the United States.

• U.S. rice producers are expected to export 8.3 billion pounds of rough rice to more than 100 countries in 1995, (U.S.D.A.).

• Rice is full of complex carbohydrates and is fat, sodium and cholesterol free.

As a staple to two-thirds of the world's population, rice is the most important food. It helps the U.S. and local economies and it is healthy, too.

Since rice is so versatile, it can be served at any meal.

So help spread the word and celebrate National Rice Month in the Glades by saluting the American rice farmer, joining in the festivities and eating more rice!

Stories written for children heal the elderly

By Lurel D. Ponjuan,
University of Florida News & Public Affairs

Although many consider children's stories for kids only, a University of Florida researcher says reading these books to the elderly stimulates their memory, alleviates their anxieties and helps them cope with death and dying.

Bibliotherapy - the use of reading, listening or writing as therapy for illnesses and disability - is extremely effective at improving the quality of life of our elderly population, said Robert Beland, UF associate professor of therapeutic recreation.

"Children's literature written in the past 15 years depicts older adults in a very positive light," Dr. Beland said. "While traditional fairy tales have been criticized for showing aging - portraying the elderly in negative ways - newer books show grandparents as modern-day heroes."

He said current children's literature contains valuable lessons, inspiration and poignant messages about love, grief and feelings of loss. These books show the elderly as independent and competent individuals who still contribute to their families and to society.

"Because elderly people want to feel useful and needed, these stories do something very

important by providing positive role models," Dr. Beland said.

Most people don't realize that the elderly also benefit from and enjoy being read to, just like children, he said. Older people share certain characteristics with young children such as shorter attention spans due to memory loss, and an appreciation for easy-to-understand themes. Children's books are ideal because the message is simple and the pictures are colorful and attractive, he said.

More than 33 million people are over age 65 in this country, with 2.5 million living in Florida, Dr. Beland said. Forms of treatment and therapy such as bibliotherapy, can help this significant segment of our population.

"It's not that we feel legitimate medical treatments aren't an effective means of healing them, it's just that bibliotherapy is a very cost-effective, safe way to help these people in ways medicine can't," Dr. Beland said.

Pat Landis, a licensed marriage and family therapist with Ventura Day Hospital in Gainesville, considers the program an effective way to begin discussions with her elderly patients.

"After listening to Dr. Beland read the stories, See Stories for the Elderly, Page 5

Crimestoppers

Crime Stoppers of Palm Beach County, Inc. is asking for your help in locating Fred Lee Leggett, who is wanted for failure to appear on charges of aggravated battery with a deadly weapon.

He is 5'10" tall and weighs 170 pounds. He has black hair and brown eyes and has a tattoo on his left arm. His Social Security number is 381-86-1068. His last known address was 57 Everglades Terrace, Belle

Glade. His birth date is listed as October 18, 1970. His last occupation was in auto care. His warrant was active as of Aug. 28, 1995.

If you know the whereabouts of Fred Lee Leggett, or anyone involved in a serious crime, call CrimeStoppers, 1-800-458-8477.

You do not have to give your name. Remain anonymous and receive a cash reward if your tip leads to an arrest or recovery of stolen property.

Speak Out

there is no reason Belle Glade shouldn't allow 30 or 40 of these children (students) to work."

City Manager Lomax Harrell responds: In response to the speaker concerning the Private Industry Council's (PIC) summer youth program, the city commission and staff consider the program to be an extremely positive one of the youth of the Glades, and the city has a past record of strongly supporting the program.

Presently, we have several full-time employees who were introduced to the city through the program and later hired when

they finished school. Mrs. Oaida Moore, a PIC representative, spoke to the city commission at a regular scheduled commission meeting on June 12, 1995. The commission approved the City of Belle Glade's participation in the summer youth program at this meeting, and staff has been waiting since that time to receive the PIC contracts. Several weeks later Mr. Denard, a PIC representative, personally spoke to Virginia Bullock, administrator of Human Resources, who gave him an exact number of PIC students (35) for placement in city departments.

Continued from page 4

Mrs. Bullock's office had several contacts with the PIC office during the next few weeks concerning start-up time for the program, yet no contracts were received by the city. Ms. Delphine Greenwood, a compliance analyst for PIC, visited the City of Belle Glade Human Resources office on Aug. 28, 1995 with paper work erroneously indicating the 35 students were working for the City of Belle Glade. Although willing to be a part of the PIC summer program and to assist local youth, the City of Belle Glade still has no contracts from PIC nor youth employed.

Stories for the elderly

Continued from Page 4

read the stories, the patients were more open to discussing aspects of the aging process, such as relating to their grandchildren," Ms. Landis said. "The stories showed our patients the positive side about growing older in a simple yet effective way."

"My favorite book is *Our Granny* (by M. Wild)," said Ms. Landis, who bought it for her grandchildren. "It tells about all the different things grandmothers can do like aerobic dancing, working full-time and being politically active."

Dr. Beland has received \$1,000 over the past two years from UF's College of Health and Human Performance to fund his growing library of children's literature.

"Recreation therapists work with hospitals and nursing homes to maintain and improve health through recreational activities," he said. "Our work gives patients a reason to live another day. There's no pill or surgery that can do that."

Dr. Beland recommends these books for all age groups.

"A Busy Day For a Good Grandmother" (by M. Mahey) shows an older woman in strong, active roles while **Now One Foot, Now the Other** (by T. DePaola) handles a sensitive issue as a young boy teaches his grandfather to walk again following a stroke," Dr. Beland said.

"Of all the books I've read, though, **Love You Forever** (by R. Munsch) is my favorite," Dr. Beland said. "You simply can't help but smile when you hear it, whether you're six years old or 72."

Appreciation Day planned for pastor at Miracle Temple

Miracle Temple Ministry will be hosting its annual Pastor Appreciation Day on Sunday, Sept. 10.

In past years the congregation has honored Pastor Alvin (Gene) Nichols with gifts. This year, they plan to also honor him with a monetary gift.

"Over the years Brother Nichols has proven himself worthy of the honor we bestow upon him," said Robert Musk, church clerk. "He has been instrumental in the building of the sanctuary we now use to worship in."

"He has also devoted hours to its construction, not to mention the hours Brother Gene has set aside for studying in ministering and teaching the word, without ever receiving one penny in salary for himself," he added.

Mr. Musk is hoping the church and community members can raise at least \$1,000 for each year Rev. Nichols has pastored at the church.

He said all contributions are confidential and tax deductible. For more information, please call him at 996-1918, evenings.

Rev. Earl Johns, pastor of the Church of God in Titusville, will attend the Sunday service in honor of Rev. Nichols.

Members of the community are also invited to attend the service and help honor Rev. Nichols.

Fishing with Walt Reynolds

Walt Reynolds

I hope everyone had a safe and enjoyable Labor Day. It is a great time of the year all across the country. Great season is open and hurricane season is at its peak.

What ever you do to enjoy the great outdoors you should always be prepared. One item that should become standard equipment would be a first aid kit. An old Army ammo box makes a good container for a first aid kit.

Make sure it is water tight and then paint it with a red cross on it for easy identification.

Use a zip lock bag to put the items in. It should include the usual assortment of band-aids, bandages, and antiseptics. Also seasek pills, sunscreen, waterproof matches and maybe a space blanket to prevent hypothermia.

A couple of flares and a pair of pliers with side cutters to cut hooks would be great also.

A small flashlight and a spare set of gloves if you need them would be good if you have room.

All the equipment, however is useless unless you're prepared to use it. The American Red Cross offers first aid and personal safety night courses at many high schools.

Take a course and know basic personal first aid. It's very important to know in the outdoors, as well as in day to day activities.

The lake is still coming up and it looks like it will stay that way.

We should have a great season this winter, so everyone practice your smile and your "ya all."

To all a good bite.

Defeat the "Divide and conquer" strategy

Commentary by Judy Sanchez
Director of Corporate Communications
U.S. Sugar Corp.

After years of Farm Bill battles with budget-cutting congressmen, environmentalists, and liberal urbanites who think food grows in the back room at Publix, American farmers now are facing an even more dangerous threat - other farmers.

Cunning opponents have employed the age-old divide and conquer strategy in this year's Farm Bill debates. Attempting to pit farmer against farmer, opponents hope to unravel the united front that farmers have traditionally maintained in Washington.

At the forefront of all the media hoopla is America's sugar program. Ironically, the sugar program that is supposedly "shrinking your piece of the pie" operates at no cost to the federal treasury.

In addition to operating at no cost, the sugar program actually returns more than \$30 million a year in marketing assessments to the U.S. Treasury.

The sugar program provides over 420,000 jobs nationwide and contributes \$26 billion annually to the U.S. economy. Opponents of the program have given little thought to what these farmers and rural communities will do to survive if sugar is no longer an American product.

They have given even less thought to what our country will do when we are no longer self-sufficient in basic agricultural commodities such as sugar.

Like most American farmers, America's sugar farmers are among the most efficient in the world, ranking in the top 25 percent of all sugar producers. They can compete with sugar farmers anywhere in the world.

But they cannot compete with foreign governments. Most other sugar producing

nations protect and subsidize their domestic sugar production.

For example, Europe pays its sugar farmers 30 cents a pound for sugar compared to the 20 to 22 cents American farmers receive. Americans pay less than 40 cents a pound for sugar in our grocery stores, compared to \$1.23 a pound for French sugar in Paris.

In fact, we could deliver our sugar to the shelves of Paris for less than half their price, but Europe doesn't allow it.

If we unilaterally dismantle our program, our farmers will be forced to compete with the heavily subsidized European sugar farmers who overproduce and dump in excess of six million pounds of sugar on the world market. They would soon be forced out of business.

Sugarcane and sugar beet farmers and their communities would be devastated. Ad 90,000 corn farmers who grow corn for corn sweeteners to the list of casualties.

The value of corn used as corn sweetener adds 25 cents to the price of every bushel of corn in the United States. If the program is eliminated, the price of corn sweetener falls as sugar falls.

With cheaper sugar, many manufacturers will return to using sugar, displacing high fructose corn syrup. This will deal a severe blow to the corn markets, returning over 695 million bushels of corn to an

already glutted market.

Prices will plummet, and corn producers will lose much more than the \$1.6 billion they currently receive from corn millers.

Until now, deficiency payments helped bridge the gap for the nations corn and grain farmers. But if budget-cutting pressure forces an end to the sugar program (which has no budget impact), you can be sure that the corn and other subsidies will be slashed as well.

With current sentiment running against farm supports, we run the risk of losing even more agricultural ground to foreign competitors.

Farmers must recognize that a threat to any part of American agriculture is a threat to all American agriculture.

Our opponents are bankrolled by the multinational food conglomerates who want to fatten their profits at the expense of America's farmers, supported by the environmentalists who threaten the very right to own and farm our land, and encouraged by foreign governments salivating over the lucrative American markets.

America's farmers have not struggled and survived for over 200 years only to break rank and turn on one another now.

Whether the issue is sugar, peanuts, corn, wheat, or cotton - once our opponents get a foot in the door, we are all at risk.

TRS offers phone service linking all Americans

By the Federal Communications Commission

What would you do if you wanted to phone Miss America? The nation's 75th Anniversary Miss America, Heather Whitestone, is what's described as "profoundly deaf."

This hasn't kept her from realizing her dreams — such as becoming Miss America 1995 and planning for a career as an accountant. And it doesn't keep her phone from ringing — or her from answering.

Today anyone in the U.S. can make a local or long-distance telephone call to any person with hearing and/or speech disabilities without using any special equipment or incurring any extra charges.

All you need to do is call your local or toll-free number for Relay Services (TRS), which, as its name suggests, is a relay service linking all Americans.

TRS is simple to use. A caller (whether they are hearing/speech disabled or not) dials a TRS relay operator, (called a Communications Assistant or CA) who then places the call to the person that caller wants to reach.

The CA relays messages back and forth, listening to the voice from one party and translating it to text for the party using a text telephone and vice versa. The text telephone (TTY) allows a person with speech or hearing disabilities to type conversation out and receive typed conversation back.

The service is strictly confidential and callers can ask for either a male or female relay operator.

There are no extra fees or charges for using this telephone service. TRS users pay the same rates paid as equivalent voice calls. You can even ask your long distance carrier for their TRS number.

You can get the number of your TRS from your telephone directory or from your directory assistance.

TRS has just celebrated its second birthday and is already one of the fastest growing com-

munications service of any kind in the world.

Yet many Americans still are unaware of TRS and its benefits to them. The Federal Communications Commission, which set up TRS under the Americans With Disabilities Act (ADA), wants all Americans to know how important this program is — and how easy it is to use.

TRS can be used for critical, life saving calls to medical personnel; it can be used to find and keep jobs and it can be used, just like any other phone

call, to order a pepperoni pizza with extra cheese.

TRS can help fuel the economy, bringing new businesses to and from a community of approximately 26 million people with hearing and speech disabilities that up until two years ago had been excluded from many of the benefits of basic phone service.

And TRS can help individuals with hearing and speech disabilities contribute their full potential to our society by opening the door to jobs and careers that all require this

access to the telephone network.

So, if you want to call Miss America, or anyone else with hearing or speech disabilities, just relay that call through TRS.

Ms. Whitestone spoke recently at a FCC celebration of the second anniversary of TRS.

"TRS has opened a whole new world to me and the millions of others who use it," Whitestone said.

TRS opened the door to that world. Now all Americans are free to walk through.

"I've got it!" ... Varsity Glades Day Gator #20 Ashly Curtiss gets the return at home against Summit Christian Aug. 31 as teammates #31 Malini Beharry (left) and #22 Mickey Leiva (right) watch the play.

The big alligator factory will host 200 hunters this year

Two hundred of the 573 permitted alligator hunters this September will be stalking the vastness of Lake Okeechobee which has been described as a "big alligator factory" by some.

A conservative estimate is that upwards of 16,000 alligators live in the 700-square mile lake, said Lt. Jim Huffstodt, Everglades regional public information coordi-

nator with the Florida Game and Fresh Water Fish Commission.

"Lake Okeechobee is prime alligator habitat," Huffstodt said. "Not only are there a lot of alligators, the lake also contains some of the biggest. Last year one hunter took a 13-foot, eight-inch long gator out of the lake."

The 574 alligator hunters were chosen by a random computer draw from 8,909 applicants across the state. Hunters are assigned of

two phases, the first running from Sept. 1-15, and the second phase from Sept. 16-30.

Each hunter is authorized to take up to six alligators after completing a three-hour training session before, the season began.

Alligator trapping licenses are \$250 for residents and \$1,000 for non-residents.

The hunter may have up to three trapping agents to assist them in the hunt, but agents may not hunt gators independently of the permitted hunter. A trapping agent must purchase a \$50 non-transferable trapping agent license.

Alligator hunters may not use firearms. They can use spears, gigs, long-sticks, harpoons, snares, or bows if the arrow point is attached to a restraining line. The first statewide hunt in 25 years was held in 1988.

Obituaries

Williams

Roscoe R. Williams, 81, of Belle Glade passed away Monday, Sept. 4, 1995. He was born in Cairo, Georgia and had been a resident of Belle Glade for many years. Mr. Williams was a member of the Community United Methodist Church in Belle Glade and a member of the V.F.W. serving with the U.S. Navy.

Surviving are: Wife, Arvie of Belle Glade; Son, Bill Mathis of Ocean Ridge, FL; Daughter, Betty Simon of Wellington; Brother, John Williams of Blairsville, Ga.; Brothers, Melvin Williams of Hopewell, Va., Fred Williams of Lake Worth, Grady Williams of Missouri, and William E. Williams of Midwest City, Okla.; Sisters, Margaret Agnew of Caldwell, Idaho, Minnie Green of Ormond Beach, FL and Kitty Wilson of Lake Worth; Seven grandchildren and nine great grandchildren.

Funeral services will be held on Thursday, Sept. 7, 1995 at the Community United Methodist Church in Belle Glade at 10 a.m. with entombment to follow at Foreverglades Mausoleum, Belle Glade.

Arrangements were made by Mixson Funeral Home, Belle Glade.

Blue Devils' corner

By Sulma Medina

Welcome to the start of a new academic year at Pahokee Middle Senior High School! This year is going to be one of the most memorable for Pahokee High, not only because the prospectus of change has deeply taken root at our school, but because the long awaited senior class of 1996 finally takes the stand at Pahokee High to become the school leaders. What does this class have in store for us? Keep tuned to find out.

Just to mention, some of the changes Pahokee has experienced lie both in the academic curriculum as well as administrative policies of the school. For instance, a stronger emphasis on reading has been put into effect by beginning the start of each class period with a mandatory fifteen minute period reading session. Classes have become more technical and computerized with the aid of the many new computer terminals that have been installed in classrooms. The R.O.T.C. program has prospered and grown to take up three classrooms now, as well as

developed an honors flight ground class.

These are just to name a few of the many new opportunities that have arisen at Pahokee.

However, amidst these new programs, a strict code of conduct has been enforced that puts the focus on academics first. New policies such as automatic detention for a tardy and in-school suspensions on a third tardy cause students to think twice before lingering the halls. These rules are just a small sector of the new disciplinary plan that has been put into effect to keep the students focused on one goal...working to attain the best education Pahokee has to offer!

With all the changes the school went through, last year students feel as though they're attending a totally different school. So far, the school term began with a bang, and from the looks of it, will only grow more successful as the school year progresses. In order to see what the "new" Pahokee High has in store for us, keep tuned to the Blue Devils' Corner for the many future updates to come.

Gators 20, Terriers 6

Glades Day Gator Junior Varsity football team was host to a game against the Moore Haven Terriers on Friday, Aug. 31. The end result of the game was Gators 20, Terriers 6.

"I was very satisfied with our execution of play and limited penalties, considering it was our first game," said Junior Varsity Coach Dick Schmit. The Gator's high scoring players were: Lane Crews who had a touchdown (TD) for 6 points, Brad Davis who had a TD for 6 points, Israel Razez who had a TD for 6 points and Alfredo Treto who had point after touchdown (PAT) for 2 points. Zach Threlkeld was the player of the week. He passed for 10 TD, rushed for more than 100 yards and is the 3rd leading tackler on Defense.

The Glades Day Gators will play Kings Academy on Sept. 7 at 7 p.m. in West Palm.

Junior cadets: 'We're a family'

Expansion gives many more high school students chance to excel

Ask any member of a street gang and they'll probably say one reason for joining is to fulfill the basic human need to belong. They may even go so far as to refer to their gang as family.

But for many teenagers, there's another group fulfilling the same need — a group that acts like family and also teaches life-enhancing skills such as self-discipline, responsibility, pride, self-worth and confidence.

While that may seem like a tall order, it's a mission and way of life for Air Force Junior ROTC (Reserve Officer Training Core).

"We aren't just a class or a bunch of friends — we're a family and we take care of each other," explained 18-year-old Shannon Wiley, a cadet with Air Force Junior ROTC at S.R. Butler High School in Huntsville, Al. "If I'm having trouble at home or school, I know I don't have to keep my frustrations bottled up because there's always an instructor or cadet I can talk to."

He feels this built-in support system not only made his four years of high school much easi-

er, but also gave him the confidence to excel — something he may not have done without the added help of ROTC.

These sentiments are echoed by Tracie Witman of DeLand High School, DeLand, Fl., who feels ROTC has met and even exceeded many of her initial expectations. "I joined the corps three years ago because I was looking for something new and challenging," she said.

Cadet Witman believes going through the military will help her realize her career goal of becoming a mission specialist in the space program. "ROTC has taught me I can do whatever I want to do — including becoming an astronaut."

This fall thousands of additional students across the country will be able to reap similar benefits, thanks to a nationwide expansion that will eventually double the number of junior ROTC units.

Between fiscal 1993 and 1996, the total number of Air Force, Army, Marine Corps and Navy junior ROTC units will increase from 1,500 to 2,900. The expansion was ordered by former President George Bush last August to help provide

approximately 150,000 more high school students an alternative to negative influences such as drugs and gangs. There are approximately 211,000 students currently enrolled in junior ROTC programs nationwide.

"There's a definite need for more ROTC units," said Cadet Witman. "I know a lot of people who've never heard of ROTC, but are really interested once I explain it to them. I think there's a lot of people who would jump at the opportunity if it was available to them."

"The education community's reception to this has also been outstanding," said Dr. Kenneth Daly, chief of the Air Force Junior ROTC program headquartered at Maxwell Air Force Base, Al. "Once they understood our goals, it's difficult to dispute the value of the program."

Air Force Junior ROTC will increase from 320 to 609 units, approximately 38,000 students, by 1996. As of early March, 68 of the 91 high schools offered the opportunity to begin an Air Force ROTC program this year accepted. The Air Force plans

First year ROTC graduates... Pahokee's first year ROTC graduates are: (back row, left to right) Cadets Donald Powell, Jamie Alvarado, Jafar Diab, Milton McKay and Tarries Osborne. (Front row) Cadet Mary Burroughs, State Representative Green, Pahokee's Mayor Horta and Cadet Crystal Higgins.

to activate 100 units this year.

The expansion targets inner-city schools where the risks of failure, drugs and crime are the greatest. "The goal is to provide those students positive instructor role models, an alternative to gangs and drug use, and an incentive to stay and graduate," Doctor Daly said.

"ROTC brings people together and helps them stay out of trouble," said Cadet Witman. "It's a good way to get to know people, and all of the extracurricular activities help keep cadets busy." She credits the program's success to the instructors. "They're easy to get along with and very supportive."

Cadets also have the opportu-

nity to compete for ROTC college scholarships or enlist in the military with a higher rank. Approximately 2,600 ROTC cadets go into some form of military service each year, according to Doctor Daly. However, there is no service obligation for participating.

"One of the program's major advantages for me is college," said Cadet Wiley. He was recently awarded a senior Air Force ROTC scholarship that will provide him \$4,000 a semester while working toward a computer science degree. Cadet Witman received the same type of scholarship to pursue an electrical engineering degree.

Both cadets agree ROTC is a

good alternative to drugs and gangs because peer pressure within the corps motivates cadets to excel, offsetting many of the negative influences students invariably face.

"I'm proud to wear this uniform. I'd recommend ROTC to anyone looking for self-improvement," Cadet Wiley said.

Pahokee Middle/Senior High School AFJROTC is beginning its third year. Students in the Glades area are eligible to attend. Transportation will be provided, including after school activities.

For further information call: Pahokee Middle/Senior High School (407) 924-6423.

Childs joins U.S. Army under delayed enlistment program

Tuwanda L. Childs has joined the United States Army under the Delayed Enlistment Program at the U.S. Army Recruiting Station, Anniston, Alabama.

The Delayed Enlistment Program gives young men or women the opportunity to delay enlistment into the Army for up to one year before reporting to basic military training.

The enlistment gives the new soldier the option to learn a new skill, travel and become

eligible to receive as much as \$30,000 toward a college education. After completion of basic training, soldiers receive advanced individual training in their career specialty.

Childs, a 1983 graduate of Oxford High School, will report to Fort Leonard E. Wood, Waynesville, Mo., to begin military basic training November 3, 1996.

She is the daughter of Judy B. Curry of 508 S.E. Eighth Ave., Jacksonville, Al., and Oz Jackson of 155 1/2 E. Third St., Pahokee.

Rosenwald Elementary School to celebrate Literacy Day

September 8 has been declared Literacy Day and wouldn't you know, Rosenwald, a "Success For All" school has big plans. A host of special guests have been invited to read to various grade levels.

The mayor, police chief, principal, city clerk, and a police officer from the City of South Bay, as well as out of town participants, which include a retired principal and a restaurateur, are slated to read to the students.

Parents are asked to remember the school's Open House on September 7 at 7 p.m. in the cafeteria.

Informational packets will be given out and a special performance by the 2nd graders is scheduled.

Volunteers Wanted!
- "Rosenwald needs you!"

Dear Parents:
Our boys and girls are our

most important resources. We share a common purpose — educating children. Many children need individualized attention and you have had varied experiences which can help our children grow. YOU can help many of our children in school. We need volunteers to help the teacher in ways which will allow her to provide more personal assistance to our children.

We would appreciate your volunteering to assist and share in our educational program.

Contact Cynthia Gilliam, Parent Resource at 996-4970.

Cristina Suarez and William Matthew McMullen to wed

The Brides mother Noelia Suarez of Belle Glade and the Groom's parents Sandra Cole of Ocala and William Frank McMullen of Belle Glade, would like to announce the upcoming wedding of their children, Cristina Suarez and William Matthew McMullen.

Cristina works at Glades General Hospital and William works for Echols Plumbing.

The wedding will take place September 9, 1995 at 7 p.m. in the Miracle Temple Church located at 104 S.W. 16th Street, Belle Glade.

Cristina Suarez and Matthew McMullen

"TOU-CAN" Fill me up ... Grapes that is -- Featherless as can be, "Watson," a 6-ounce, Toco Toucan is just about full on a couple of grapes! Watson is the second of two rare hatchlings of these birds at Sea World of Florida. This newly hatched chick, under the watchful eyes of Sea World's Aviculture staff, will be hand-fed grapes and small pieces of bananas and meat for about 45 days until he is able to eat on his own. As this bird matures, its beak will become an array of brilliant colors. This tiny chick is the offspring of a pair of Toco Toucans which are on display at one of the new free-flight bird exhibits at the Orlando marine life park.

Mack begins 1996 Academy Nomination Process

U.S. Senator Connie Mack (R-FL) has begun accepting applications from Florida high school juniors and seniors for nomination to each of the U.S. Service Academies for classes entering in 1996.

"The U.S. Service Academies provide an exceptional education and prepare graduates for

leadership roles, not only in the military but beyond," Mack said. "Service academy graduates are well-prepared to defend freedom throughout the world."

The U.S. Service Academies include the U.S. Naval Academy, Annapolis, Maryland; the U.S. Air Force

Academy, Colorado Springs, Colorado; the U.S. Military Academy, West Point, New York; and the U.S. Merchant Marine Academy, Kings Point, New York.

Applications can be obtained from LeAnne Croy in Senator Mack's Tallahassee office by phone at (904) 425-1995, or by

sending a written request to: LeAnne Croy, Office of Senator Connie Mack, 150 South Monroe Street, Suite 305, Tallahassee, Florida 32301.

The deadline for submitting completed applications to Senator Mack is October 15, 1995.

PORTRAIT OF AN ENVIROSHOPPER

"Everyone can do their share."

Maude Ford Lee
County Commissioner District 7,
SWA Vice Chair, Enviroshopper

So, you consider yourself an enviroshopper. Why is that?

Because I shop with the environment in mind. I make sure to purchase products that can be recycled and reused.

What kinds of reusable products do you choose?

Things like rechargeable batteries and reusable food containers. And I use sponges and dishrags instead of paper towels. That reminds me, I try to stay away from disposables.

What do you do instead?

I use cloth napkins and table cloths instead of paper. They're nicer to use and I never need to throw them away. Also, I rarely use plastic utensils or paper cups. These are things that can cause a lot of waste.

You do keep the environment in mind.

Oh definitely. I think of creative ways to reuse old items around the house that would ordinarily be thrown out. I use old jars as containers, and old bath towels and t-shirts as rags. And, I like to use the comics section as wrapping paper for children's gifts.

Do you have any other tips to share with us?

Everyone can do their share to help the environment. Even if it starts small. Like bringing a coffee mug to work so you don't have to keep using disposable cups.

To learn more about waste prevention and enviroshopping, call the Solid Waste Authority at 930-ASAP. Because there's no time to waste.

"Whose Daughter is She?"

by Conchetta Aluia, Warren, MI

Match the jobs in column A with the sentences in column B.

Column A
blacksmith's
woodcutter's
electrician's
professor's
milkman's

Column B

1. She was only a(n) _____ daughter, but she learned her lesson.
2. She was only a(n) _____ daughter, but she had good connections.
3. She was only a(n) _____ daughter, but she was the cream of the crop.
4. She was only a(n) _____ daughter, but she knew how to forge ahead.
5. She was only a(n) _____ daughter, but oh, what a cut-up she was.

ANSWERS: 1. professor's; 2. electrician's; 3. milkman's; 4. blacksmith's; 5. woodcutter's.

by Bill Stephani

Andrew, Mr. Winklesneez's five-year-old son, walked over to Barry and Jack and asked, "Are you two best friends?" Barry and Jack smiled at each other, and Andrew knew the answer.

Andrew went back to where Mr. Winklesneez and the salesman were talking. Andrew whispered something in his father's ear. All three of them looked over at Barry and Jack and smiled.

Barry and Jack wondered what was going on. Why were Andrew, Mr. Winklesneez and the salesman having such a good time? What were they smiling at? Why did Andrew look so happy? They didn't have to wait long before their questions were answered.

Andrew came back over to Barry and Jack and said, "My daddy said I could ask if you want to come to my house and live with us. My room has lots of toys, and you could sleep in my bed."

Jack whispered to Barry, "It does get pretty lonely in this big store."

Barry whispered back, "I'm already tired of eating chips and candy bars."

"Yes!" they both shouted together.

Barry took Andrew's right hand, and Jack took his left hand. They all left the store together. (Everyone except the salesman, that is.)

The Christmas traffic was heavy, and it took two hours for Mr. Winklesneez to drive home. The Winklesneezs lived in a small house on the edge of a big city. Their house sat between a busy highway and a train track. All day and all night the sounds from cars and trucks honking and roaring filled the house. The house shook when a train rumbled by. It was noisy.

But inside their home, the Winklesneezs made happy noises of their own. They laughed and chattered. It was the holiday season, and it was time for fun.

Be looking for more adventures with Barry and his friends on the Just Kidding page!

Kids in the KITCHEN

Muffin-Tin Breakfast

Cooks itself while you get ready for school!

GET READY...

(Serves three to six)

- One 12-count non-stick muffin tin
- One egg for each individual
- One round ham slice for each individual
- One box of muffin mix
- Cupcake liners
- Salt and pepper
- Bowl, spatula, spoon

GET SET...

- Some instructions may require adult help.
- Preheat oven to 375 degrees.
- Line six cups with cupcake liners. (Note: This way you will use up all the muffin batter, even if cooking for only three. Save extra muffins for later.)
- Following directions on package, blend muffin-mix ingredients together.

GO!

▶▶ Spoon muffin batter into lined cups until $\frac{3}{4}$ full. Line remaining muffin tins with a slice of ham (about the thickness of a slice of bologna), depending on how many are to be served. Break an egg over each ham slice. Salt and pepper eggs to taste. Place muffin tin into oven and bake 15 to 20 minutes or until eggs are firm and muffins are golden brown. Remove tin from oven. Remove ham and eggs from tin with spatula.

Front and "Cent"er!

Penny Wise Game

by Mary Frances Nachreiner, Kenosha, WI

Each person gets a Lincoln penny and the following list. All answers can be found on the coin. The person to identify the most items wins. It's a real challenge!

Silly "Yolks"

by Terri Quillen, Indianapolis, IN

How did the egg feel when he won the race? Egg-cited, but eggs-hausted.

Why can't an egg tell a joke? If it did, it would crack up.

What do you get when you cross an egg and a pop singer? Egglebert Humptydink.

Why does an egg do nothing all day? Because all it wants to do is egg-sist.

What happens when you put an egg in the microwave? It eggs-plodes!

Why did the bunny drop his Easter egg basket into the fire? To eggs-tinguish it.

Why don't eggs want to grow up? Because it's pretty fowl.

September Fun Fact

What is an epic? An epic is a long poem that tells about the adventures of a great hero.

Hole-In-One

by Susan M. Walter, St. Joseph, MO

Unscramble the letters in the words below to find terms used in the game of golf.

1. apr

Glades Day Gators romp Miami-Pace 43-13

By Eddie Campbell

Last Friday the Glades Day Gators (No. 1 in the 2A state poll) hosted the 4A Miami-Pace Spartans who last year lost to Glades Central in the state playoffs.

The Spartans returned 12 starters from last year's team. A 4A playoff team against a 2A playoff team.

Well, since Pace is a bigger high school and they play a tougher schedule, they should beat Glades Day, right? Wrong. Glades Day came ready to play.

The Gators scored first with Jackie Garrett's 27 yard pass to Farris Shatara. Garrett was 10 for 18 for 160 yards and one touchdown. Senior linebacker Shawn Whitlock recovered a Pace fumble and the Gator offense capitalized on it with Lee Sweet's touchdown run from a yard out.

The Spartans, however, were not ready to give up just yet. They scored two quick touchdowns on a run from two yards out and on a 45 yard pass. But Glades Day took back the momentum on a 30 yard field goal by Junior Julian Rodriguez, with six seconds left in the half.

The Gators suffered one injury in the first half when tailback Lee Sweet was knocked backward while running the ball. "I just saw a white light and didn't go towards it," was Sweet's comment on the hit.

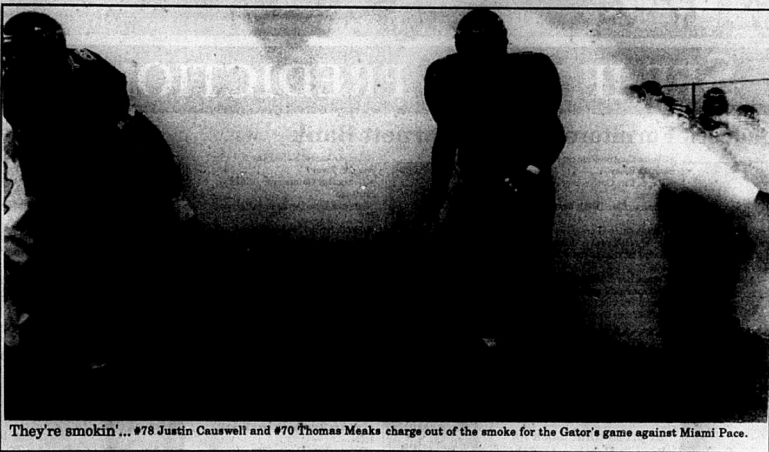

Sweet carried 12 times for 57 yards and 1 touchdown in the first half. He did not play the second half.

The Gators led at halftime, 17-13.

As the second half began, so did the Gator highlight reel. Senior running back Wren Sloan started it off by galloping 76 yards for a touchdown. Sloan had 12 carries for 119 yards. Farris Shatara followed Sloan's example by running 65 yards for a touchdown.

On the night Shatara had 3 carries for 78 yards, 3 receptions for 56 yards and scored three touchdowns. At the end of third quarter the Gators were ahead 29-13.

The Gator defense also had their fair share of highlights. The Gators recovered three fumbles on the night. But the defensive highlight of the game didn't happen until the fourth quarter.

They're smokin'... #78 Justin Causwell and #70 Thomas Meaks charge out of the smoke for the Gator's game against Miami Pace.

Junior cornerback Heath Norman intercepted a Pace pass and returned it down the sidelines for 101 yards and a touchdown. Linebacker Brad Seider anchored the Gator defense with 13 tackles

while Patrick Altman and Shawn Whitlock had nine and eight tackles respectively.

Head Coach Mandy Perez called the game, "One of the greatest game victories ever

for this coaching staff."

The Gators start their district play this week by travel-

ing to Plantation to meet district rival American Heritage.

FRIDAY NIGHT FOOTBALL FRENZY!

Area's top teams showdown at Kettler Field September 1

By Robbie Everett

The Pahokee Blue Devils, ranked #2 in county, opened the season with a decisive 20-12 win over #1 ranked Palm Beach Lakes High School.

Richard Bryant electrified the crowd with his opening 91-yard kickoff return for a touch down. Victor Rodriguez added the point after the TD with the first successful kick for Pahokee in many years.

Lefann Williams followed with a 23-yard run early in the second quarter that gave the Blue-Devil gridders a 14-3 lead.

Palm Beach Lakes defense was not able to contain Williams as he scored twice in the second quarter and led all rushers with 121 yards in 22 carries. On the 54 yard TD run

he broke a tackle near midfield and eluded a host of tacklers.

The rest of the game was a defensive battle. The Blue Devils defense, led by Ronald Boldin, swarmed over the Rams causing four fumbles and sacking the quarterback five times. The Rams, known for their passing game, were limited to 46 yards.

Punter Linwood Johnson added to the Rams woes by kicking the ball and charging down the field to stop the return.

"Defense won the game for us," Coach Joe Marx said. "Ronnie Osborne, our defensive coordinator, did a terrific job preparing for their offense. And our linebackers, especially Anthony Williams and Henry Ware had a terrific game."

Lakes was able to capitalize on an unsuccessful fake punt in Pahokee territory to set up their only touch down and one of the two blocked kicks.

The Devils stalled the Rams at the five yard line ending in a field goal with the game 20-

Glades Central - 43; Pope John Paul - 3

By Brant Bates

Surprisingly, the Raiders finally got to operate on a rain free night, which would translate into bad news for the Pope John Paul Eagles. After a 40-7 drubbing by Glades Day the previous week, I'm sure the Eagles had seen enough of the

12.

They attempted an on-side kick that Pahokee recovered and the rest is history.

Pahokee returns to Kettler Field this week to face the Forest Hill High School Falcons.

Glades teams.

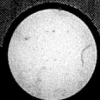

On their first possession, the Eagles seemed to get a reprieve after Teddy Simms limped off the field on the first play of the game. Simms though, was not seriously injured and the Eagles went three and out.

The Raiders took over following the Eagles punt and immediately tested the Eagles corners as Musalet attempted to hit Grant on a fly route, but the pass was a little short and the Eagles corner Godfrey intercepted the pass and returned it about 15 yards, leaving the Eagles in good field position. Simms would return to the game, as the Eagles tried a QB keeper for a gain of 1 on first down. On second down the Eagles were hit with a motion penalty leaving them facing second and 14.

See Raiders dominate Pope John Paul / page 7

Smile for the camera... Pahokee's QB-DB #8 Jimmy Wells holds the ball for Kicker #16 Victor Rodriguez.

Is this competition, or what??

It's only the first week and competition is strong between our 12 Pigskin Prophets:

Some of our predictors made the mistake of voting against the Glades Day Gators because they were playing a tough 4A school. BIG MISTAKE GUYS!

The Gators hung tough and and whipped the Miami Pace Spartans 43 to 13.

The Paint Store Owner Vera Robinson is pleased with her eight out of 10 correct picks. She said she has a strong competitive streak and she's in this game to win. "I don't like to lose," says Vera.

Well, this week, Vera didn't lose; she tied with four other players in our Pigskin Prophets Football Forecast.

She said one of the other competitors (we'll not mention names) has already started to tease her, wanting to know what she (a mere woman) knows about football. "I've proved this week I already know more than he does," she said with a laugh.

Sharing the winner's circle is Clay Connell with Badcock Furniture, Hattie Bennett with Barnett Bank, Earl Wingate with Bernie Little, and Adrian Verman with Glades Ford.

Robert Archer with First Community Bank was the big loser this week with only a five out of 10 correct pick. Robert will need to study the teams and try to pick up some ground in the next few weeks.

Until next week...good luck everyone!

From Our Team at Barnett to All the Glades Area Teams, We Wish You A Winning Season!

Pick an offense and defense player?

It couldn't be done this week at Glades Day School.

Gator Head Coach Mandy Perez said he couldn't single out two players this week, so he votes for the whole team, offense and defense.

"We had so many outstanding players this week," he said. "Patrick Altman had another great game. M. Holland was outstanding. He was an unsung hero. He went at it all night long," says Coach Perez.

"We've got a great team this year and I'm expecting great things," he concluded.

Farris Shatara scored 3 touchdowns. He went 78 yards rushing and 56 yards receiving in Glades Day's game against Miami-Pace.

Ronald Boldin

Ronald Boldin was Pahokee's Defensive player of the game against Palm Beach Lakes on Sept. 1.

LeFann Williams

LeFann Williams was Pahokee's Offensive player of the game against Palm Beach Lakes on Sept. 1.

Raiders dominate Pope John Paul Eagles 42-3

From page 1

The Eagles attempted to hit the tight end on second but the pass fell incomplete. On third down they tried the draw to the HB but Simms read the play and made a stop for a loss. After a short punt and a nice return, the Raiders took possession at midfield.

Michael Bryant took the handoff on first down and broke for 27 yards, leaving the Raiders at first and 10 from the Eagles 20. Andre Bryant would take the next handoff down to the Eagles 4 yard line setting up FB Arthur Brown for the score.

The Raiders converted the P.A.T. and the score was 7-0.

On the next possession, the Eagles fumbled and the Raiders Jefferson recovered at the Eagles 20 scoring position once again.

On first down Michael Bryant went for a tough four yard gain, leaving the Raiders at second and six from the 14. On second down Musalet hit Graham on a quick slant for the TD and the Raiders were on their way.

The Raiders had taken a 14-0 lead in the first and were just getting warmed up. The Eagles seemed to gain some momentum after the score and following a face mask by the Raiders, a couple of nice gains by their HB and a fourth down gamble, the Eagles were moving the ball well.

The Eagles were facing first and ten from the Raiders 25, and the Raiders seemed to have some problems on defense so the Eagles went to a quick count to no avail as the Eagles QB seemed to be running for his life with a host of Raiders in pursuit.

The Eagles QB though, smartly threw the ball out of play to avoid the loss. On second and third downs the Eagles gained a total of 2 yards, leaving them at fourth and 8 from the 23.

The Eagles kicker, Bridges, would convert the field goal for their only score of the night, making the score 14-3 with 10 minutes left before the half. This score must have pumped the Raiders up, who I'm sure were hoping for the shutout.

So on the ensuing kickoff,

25, went untouched for a 97 yard return, the final 20 of which were made with his best Nion Deion impression. A little more practice and you'll get it right.

The referee's seemed to agree as it rained yellow hanks all over the field. I don't think they were as upset with the taunting as they were with the end zone dance. Just kidding.

Every year the Raiders kick return team seems to shine and this one is no different, which is made even more amazing by the fact that they don't get many chances at it during games. After another stalled drive by the Eagles, the Raiders sent Brad Banks in to run the offense.

Following a couple of nice runs by Arthur Brown, Banks faked a dive to Brown and rolled right on a keeper for the score. The Raiders were hit with another taunting penalty which was assessed on the P.A.T., but the kick was converted despite the added yardage.

On the Eagles next possession, the Raiders Godfrey came up with one of the hits the night as the Eagles were facing third and seven. Godfrey flattened one of the Eagles running backs for no gain, forcing the Eagles to punt.

On the punt, the Raiders Kevin McCall blocked the punt leaving the Raiders in good field position once more at the Eagles 35 yard line. The Raiders offense, for one of the few times tonight, would stall forcing the Raiders to punt with 3:30 left before halftime and the score at 28-3.

The Eagles would take possession and move the ball well only to fumble and return it to the Raiders with 46 seconds remaining before halftime. The Raiders Andre Bryant would return the favor on the Raiders first play leaving the Eagles to run the clock out.

Score at the half: Raiders 28, Eagles 3.

The Raiders received the second half kickoff, and promptly went back to their 1-2 punch of Andre and Michael Bryant with Musalet returning to the helm.

After a number of punishing

runs by the Bryant's, the Raiders were facing first and ten from the Eagles 20. After a 12 yard pass by Musalet to move the ball to the 8, the Raiders Andre Bryant punches it in from the 8 leaving the score at 35-3 with 5 minutes remaining in the third quarter. The Eagles just could not seem to get a sustained drive all night and their offense stalled again at midfield forcing them to punt.

The Raiders take over at their own 30 yard line to have an illegal motion penalty on first down. Musalet hits Andre Bryant for a long gainer that is nullified by another penalty, leaving the Raiders facing second and 20.

The Raiders attempt the draw to Michael Bryant for no gain, leaving them at third and 20. Musalet is sacked on third down and the Raiders are forced to punt. The Raiders Denson came on to punt out of his end zone leaving the Eagles in good position.

After short gain on first and second the Eagles QB attempted the option right but his backs seemed to be confused on the play and he was left one-on-one with the Raiders CB Pittman, who leveled the QB on the play.

The Eagles got off a good punt leaving the Raiders at their own 25 with 6 minutes left in the game. Brad Banks would return to the QB spot and after a number of minimal gains Michael Bryant breaks a 40 yarder with 15 more added on for a personal foul on the Eagles.

The Raiders would stall in the Eagles territory though, forcing a punt at about 2 minutes remaining and the score still 35-3. Denson would come on to punt for the Raiders placing the Eagles at their own 25 yard line.

Obviously, the Eagles didn't feel the Raiders had sufficiently covered the spread so on first down they fumbled and the Raiders recovered leaving the Raiders at first and ten from the Eagles 12 yard line. On their first play, Brad Banks finds Dan Brown on the fade route for the final TD of the night. Final score: Raiders 42, Eagles 3.

Glades Day 15, Summit Christian 8

The Girl's Varsity Volleyball team at Glades Day School won their game against Summit Christian last Thursday night.

Coach Rita Schoenfeld said her team did much better than the did Tuesday night when they lost to Clewiston.

The girls lost their first game, 14-16 and came back to win the second game 15-8 and also won the third game 15-13. "In the second game, the girls put everything together and played smart," says

Coach Schoenfeld.

"The girls played with determination and played together as a team in the second game. In the third game of the match, we had seven service aces, the last three to end the match," said Coach Schoenfeld.

Fida Mussallet has 11 service points, two aces and three blocks, and Kellie Walden had five service points and five aces in the third game of the match. Lora Shiver had 13 service points

and one ace and Alicia Shaper had four blocks.

Next week the Gators will play St. Edwards and King's Academy. Coach Schoenfeld said the Kings Academy Lions are the defending state champions for the last two years. "They are really a great team," she said. "We'll have to play great defense to be able to get the offense on track."

Defensive player was Alicia Shaper with 4 blocks.

Offensive player was Lora Shiver for her serving.

We're always behind our home town teams!

Varsity Blue Devils

Coach Maria Warren

"The Varsity Volleyball team has worked extremely hard. I believe that the team will be able to improve their record over last year's

record," said Coach Warren. Maria Warren has been coaching for three years. "The team plays great defense," said Mrs. Warren. "I want to thank all these wonderful people for their time and energy; Support staff Lydia Caso, which helps coach the young ladies, Judy Decosta will be running the concession stand, Mr. Dave Campbell helps chaperone the away games, Athletic Director Pete Karas has been working hard on the paper work and doing whatever he can to help and Coach Shane for opening lockers, concession stand, etc. I would also really like to thank Glades Day School's coaches for their help and support in running our yearly jamboree," concluded Mrs. Warren.

GO TEAMS

Junior Varsity Blue Devils

Pahokee's Junior Varsity Volleyball Team is made up of new blood... (left to right, front row) Lavada Burroughs, Stacy Pierson, Erin Trimble, Tashonda Kirkland, (back) Chantel Gilbert, Felecia Banks, Retha Prescod, Anna Rodriguez and Dena Cook.

"The Junior Varsity team is very young this year. We only have three returning players from last year. If the young ladies work hard and stay with the sport, great things will come from them," said Mrs. Warren.

Glades Day Junior Varsity Gators

Junior Varsity Gators are learning the basics... (left to right, front row) Peggy Whitney Altman, Ronda Halum, Chelsey Sims, Heather York, Jayme Arnold, Brittany Meeks and Sara McLeod. (second row) Joanna Alvarez, Erica Williams, Kristina Sanchez, Rebecca Outz, Emily White, Shatila Halum and Emily King. (third row) April Hart, Evelyn Pabelo, LiAnn Throop, Malissa Moya and Jonna Harrington. (back row) Coach K. Hansford, Manager Hela Barhoush, Miranda Humphries, Denise Penuel, Olivia Moya, Stat person Donna Moss and Coach Courtney Courson. (Not pictured are Melissa Miller and Courtney Carlton.)

Last year Glades Day Junior Varsity Gators finished 12-0.

"We have 16 first-year players. I have 9 returning from last year and have seen big improvement in those players," said Coach Hansford.

Ms. Karen Hansford has been coaching for 4 years. Her support staff consists of Assistant Coach Courtney Courson, Manager Hela Barhoush and Stat person Donna Moss.

"As a junior high team of 7th and 8th graders, our main job is to teach the girls the basic skills. For this reason, we try not to make any cuts of girls trying out, especially their first time. Many of them make big improvements through the season and go on to play Junior Varsity and Varsity Volleyball," said Coach Hansford.
